neu<sup>9</sup> is an exhibition of recent images from nine emerging photographers who originally studied on the HNC Photography course at Kingston College.

neu<sup>9</sup> photographers pursue various strategies and themes in their work. Inspired by a range of environments, cultures and concepts, this exhibition features landscape, reportage, fashion and underwater photography.

By bringing together nine creative minds, unified by their love of photography neu<sup>9</sup> aims to support, encourage and impassion each member's work.
