Call to Artists,

My name is Nathan Anderson, Founder & Owner of NoDak Films. This summer, 2010 in just a few weeks we begin production on our first movie currently titled 'Last Summer For Boys.' I'm writing because one vital component of NoDak Films is recognizing and in effect advertising the state of North Dakota; ARTIST'S INCLUDED.

What we need is art. There is a scene in our movie, which I specifically wrote that will showcase artwork (THIS SCENE TAKES PLACE IN FARGO,ND). There are also other scenes, in other parts of the movie where artwork will be needed to 'dress-up' a location where we are shooting.

Here are the dates we need art packaged and ready to travel, all in July: Minneapolis shoot dates -8, Fargo shoot dates - 16, Minot shoot dates - 22. At this point I don't have a definitive number of pieces of art we need or the kinds of art so I am open to any kind of submission as long as I can see a picture or understand the piece through a brief description.

We will need the artwork for locations in Minneapolis, Fargo and Minot. You, the artist, are responsible for packaging the artwork for transportation. NoDak Films will transport the artwork to the location and return the artwork once finished. Each artist will sign a contract that states NoDak Films is responsible for any damage to the art caused by negligence on our part.

Our movie currently titled, 'Last Summer For Boys' (LSFB) tells the story of a young North Dakota man fresh from a college degree and a new job in Minneapolis who leaves the combine for a cubicle, but the burden of leaving the farm never left him. Something happens in Minneapolis and he ends up back in the small North Dakota farm town of his youth. There he struggles with the girl he left, the friends he lost touch with and the tough choices he will make before they make him.

Here's how it works; Your Art Work:

- **Will appear in the ending credits along with all pertinent art/artist information i.e website, phone number, title of piece, and cost (if selling).**
- **Will appear on NoDak Films website under a photograph still in the scene where the Art appeared along with all pertinent art/artist information.**
- **Represents a lifetime of advertising: no recurring cost to you.**

NoDak Films is a North Dakota trade name, we have a unique \$100 contribution model that guarantees attention towards the movie upon release, and our \$100 contribution model has been reviewed, approved and offered encouragement by the North Dakota Securities Commission. **Although this is free to the artists, I encourage those who can, to contribute \$100 to NoDak Films. Those who contribute \$100; their art is guaranteed a spot in our movie, otherwise the decision lies solely with me.**

Your participation mirrors NoDak Films mission to create a great movie w/ North Dakotans, North Dakota art/artists and North Dakota towns involved in all phases.

Need more facts, check the website www.nodakfilms.com or please give me a call, email. Info above ●

THANK YOU – Nathan Anderson
