"What I hear in my dreams is generations in the future screaming back to us in time saying, 'What are you doing? Don't you see?!' We are causing the devastation to our very foundation to our life system that has given us birth. And we are ultimately committing suicide."

**Paul Stamets**  
Mycologist, Founder, Fungi Perfecti

Tri-Beta Biological Honors Society presents:

# Solutions from the Underground: How Mushrooms can help save the World
