**Our Statewide Residency outreach program allows us to reach communities in all corners of the state. In order to serve these communities, our Residency team travels 27,000 miles throughout the state each year. The team lives in each community for a period of one-three weeks, teaching classes on a daily basis in the participating schools, culminating in final performances. Currently, NDI-NM's Statewide Residency Program is offered in 35 public elementary schools in 23 communities in New Mexico. Last year, audiences totaling more than 15,880 came to end-of-residency student performances.**
