

Milford Campus — Milford, NE

2010 DATES—
Sep. 1, 8, 15
Oct. 6, 13, 20 27
Nov. 3, 10, 17
Dec. 1, 8

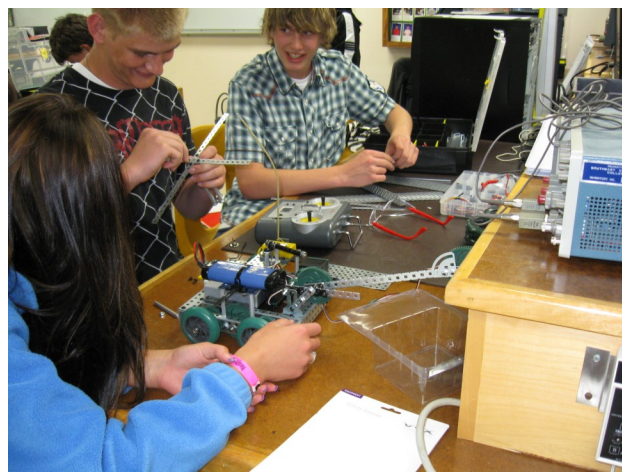

Time: 9:00 am—2:00 pm

Robotics and Computer Workshops

This is a one-day hands-on workshop where you will build and test a Vex robotics kit or a personal computer system. On the Robotics days we will start from a group of the electronic and mechanical parts and finish with a functional remote controlled robot. On the Computer days you will be guided through the construction and testing of a computer system built from individual parts. The Robotics workshops are 9/1, 9/15, 10/13, 10/27, 11/10 and 12/1. The Computer workshops are 9/8, 10/6, 10/20, 11/3, 11/17 and 12/8. There is no cost to participate.

Schedule:

- 9:00 am Arrive
- 9:05 am Tour of Electronics Dept
- 9:30 am Begin Workshop
- Lunch Complimentary
- 12:30 pm Finish Assembly & Test
- 2:00 pm Done
