

## FIRST LOOK!

### Ragley Grips

Alongside the Rude Pump, Ragley has got some new branded lock-on grips. Coming in two different iterations – a mid-sized grip with the Ragley logo repeated along the length of the grip, and a half waffle

design – both will cost £15 complete with alloy end caps and collars, with black soft-compound versions for better grip in the wet (but potentially shorter life span), and a host of bright colours to choose from. [www.hotlines-uk.com](http://www.hotlines-uk.com)
