

Import Contacts

Map fields using: Automatic Mapping

- ☒ First record contains field names
- ☒ Import unmapped fields to "Notes"

<<Prev

Next>>

File: Donny MS Dos.csv
Record 2 of 220

Fields that correspond to Outlook fields appear opposite their counterparts in the Mapped fields box. To add or change a field mapping, drag the field to a new position in the Mapped fields box.

Mapped fields:

Custom Phone 3
Custom Phone 4
Email Address 1  Email Address 1 :...
Email Address 2
Email Address 3
Email Address 4
Email Address 5

Unmapped fields:
