

Phi Kappa Psi

Cal Beta Capital Improvement

One of last quarters most notable Friday events was a progressive centered around our balcony. **We'd like to have more great outdoor mixers and take full advantage of Phi Psi's balcony.**

However, there currently isn't any seating and lighting is poor! There's a couple of chairs, brothers occasionally leave outside, but no permanent seats or tables.

With an investment in outdoor furniture, we can make our balcony parties much better! Come spring, we can have a great venue for rush events. **With your help, we can turn our balcony into an awesome place to study, talk, or simply lie under the stars.**
