Information about author and desing concept

Author: Tomas Tunkl, CZE

Name: Pangea question bubble

Notes: The concept comes from the shape of the Pangea region which is the origin of all of the recents continents. It represents the unity of Alumni organisations from different regions. After rotating the shape it also a little bit riminds of the question bubble which could represent the questions of current world.

Quality: This is concept quality, the final quality could be better.
