MS Office Picture Manager is a great tool that allows you to adjust your over and under exposed photographs. I have Photoshop but I find that I don't need to use it for basic fixes and for cropping. If you have photos that need fixing I encourage you to give it a try...it's an amazing tool and it's fast, free, and easy.

Couple it with MS Office Power Point and have some fun!

Hi Linda,

Your daughter and your grand children are beautiful! What a blessing. This would make a great card to send to someone you care about. Call me when you get a chance and I'll show you how to do it.

Hi Mom & Dad,

Here's a picture of Lil' Ivan that Coral took on her cell phone which she forwarded to me on my cell phone...I transfered the pic to my mini-card and plugged it into my SD adapter which I then inserted into my card reader. I plugged it into the USB port on my laptop and uploaded the picture into my SendOutCard website (see URL on reverse side of card). Then I wrote this and sent it to you because I realize that you don't always check email but you do check your mailbox every day but Sunday.

Take care!

A woman with brown hair, wearing a pink t-shirt, is smiling and holding a round cake decorated with yellow frosting, white flowers, and colorful sprinkles. The cake sits on a silver platter. The background is a grey wall with a black and white geometric pattern. The entire scene is framed by a blue border with white and pink confetti. In the top left, there are pink and purple balloons. In the top right, there are light blue and yellow balloons. A speech bubble from the pink balloons contains the text "Thanks for the really expensive cake!". At the bottom, the words "BIRTHDAY CELEBRATION!" are written in large, blue, blocky letters.

Dear (name)

Just wanted to share with you this picture of my new grand-son,
Brandon. Isn't he adorable!

Your Friend,
(your name)

Hi Pam and Brian, Sr.,

I loved this photo of yours so much
that I had to use it in one of my card
creations.

April and I are designing cards from
pictures we have taken and will be
sending them to our friends and
relatives (you'll be getting one too).

If you want to design your own cards
let me know. The options are endless
and the best part is that your first ten
cards are free (after that they are
about a dollar a piece including
postage).

This sure beats going to the store and
the post office.

Just let me know and I'll give you all
the details.
