# Vote for Michelle Harris as your Labour Mayor of Bedford Borough

## Fight Unfair Cuts

- We need a Mayor who will stand up for the people of Bedford Borough against the Conservative-led Government's plans. That's why I'm standing as your Labour candidate.
- I will be Bedford Borough's first line of defence against the damage being done by the Conservative-led Government and their Liberal Democrat allies. They have broken promises on VAT, tuition fees and protecting services such as Police Officers (60 will be cut across Bedfordshire).
- The Conservative-led Government are taking a reckless gamble with the economy. We do need to get the deficit down but the irresponsible programme designed in Downing Street - now coming to your street - is going too far, too fast and people in Bedford Borough will suffer.
- Unfair cuts damage the economy and cause unnecessary misery and suffering to the electorate. Vote for me and I will do everything in my power to fight against the damage caused to Bedford Borough citizens.
- Your Labour councillors are already working hard to limit the damage done by the Conservative-led Government - vote for me and you will also have a Labour mayor who is passionate about defending your rights, who will advocate on your behalf.

## About Me

I live in Bedford Borough in Riseley. I went to state school and I started full time work at age fifteen and continued my education at night school; doing O-levels, A-levels, and my law degree.

I became a barrister as a mature student and have spent the last ten years representing the most vulnerable in society.

To find out more about what I would do for you and Bedford Borough, please visit my website at
