

'Frustration'

I'm sick of walking round seeing some bullying
Leaving all their victims at home worrying
Getting accused for bad things off the police
I'm telling you now mate, i'm really not a thief
I don't take drugs, i don't tell lies
My teacher's on my back telling me to revise
People getting called for what they like to wear
What's the point in calling someone for the colour of their hair
Scruffs sitting in their houses sniffing up the drugs
That's the way to live your life if you wanna be a thug
Walking round in big hard gangs giving us beef
Why don't you all stop giving us grief

Loads of my mates are trying drugs
But they're all just a bunch of bugs
Scum round town give people a jumping
Don't wanna peace and I wanna give them a thumping
Lots of people round here got debts no money
Come on politicians we don't think it's funny
Withholding money from our community just like rape
Stop your spending lies and help us escape
We're great kids and don't deserve prejudice
We want your respect not some sloppy kiss
All me mates asking me out for a drink
I say nah you're alright mate and give them a wink

*We're angry, we're frustrated
We will illustrate it by the way that we say it
Police and Politicians are all the same
It's us that are creative and under-rated (repeat)*

I am always a victim of prejudice
Life round Parr used to be bliss
All these kids involved in violence
Oh my god it used to be silence
All the streets are full of drugs
But parr is full of scummy thugs
Round here we earn our respect
But we don't need it if we reflect
But will it make a bigger effect?
We won't know proper until we connect
Everyone moans about our school
But wreck your education and you'll look like a fool

I'm fed up of people always drinking
They need to realise that they're just sinking
While everyone in school is trying drugs
I am stood with teachers calling them thugs
It makes me laugh when we do exams
Because there are a few who don't give a damn
Some kids think it's good to wag school
But really they are pathetic scally fools
Seeing skinny models in ok magazine
I want to consume more than water and greens
I deserve more than one night stands
Foul mouthed lads with roving hands
It's us that are creative and under-rated.

We will illustrate it by the way that we say it
Police and Politicians are all the same
