

San Francisco Chapter
Construction Specifications Institute

CSI Spring Seminar

Date: February 16, 2012

Time: 8:00 am - 4:00 pm Continental Breakfast and Buffet Lunch included

Location: Castagnola's, 286 Jefferson St. San Francisco, CA (415) 776-5015

Cost: \$75, payable to SFCSCI

Registration Deadline: February 10, 2012

Title: "Your Design Is Worth A Thousand Words"

Presenter: John R. Guill AIA, CSI, CCS, CCCA, SCIP

Learning Objectives:

- Types, placement and organization of construction information.
- Drawing annotation and coordination with Specifications.
- Leveraging the Contract Documents for efficient annotation.
- Concepts of Quality Assurance and Control, "Work Results"

Title: "Specifying Beyond Platinum: Working with Red Lists, Pharos, and Living Building Challenge Projects"

Presenter: Anne Whitacre FAIA, CCS

Learning Objectives:

- "Greener than Green" will examine the building types that are looking for a more intensive "green" rating than simply LEED Gold or Platinum. This talk will examine the various other rating types; look at the directions being taken by forward-thinking building owners, and look at the work required of the specifier and supplier to meet these requirements.
- Discussion of advanced rating systems: PHAROS and Living Building Challenge. Show how these systems are ranked and what they are asking beyond LEED Platinum.
- Show how both systems invoke a "social equity" platform as part of their rating systems.
- Show research aides and documentation required of both architect and product supplier.

Title: "Coordination, Quality Control, and Specifications"

Presenter: Michael Chambers FCSI, FAIA, CCS, SCIP

Learning Objectives:

- Explore the critical quality control elements of specifications.
- Review primary coordination issues for specifications.
- Explore techniques and tools for effective quality control and coordination.
- Review specification quality control procedures and construction administration.
