HOW TECHNOLOGY IS LIBERATING WORK

PAUL MILLER

WHERE DO YOU WORK? YOU WILL PROBABLY ANSWER THIS QUESTION WITH A PHYSICAL LOCATION... BUT, INCREASINGLY, THAT WILL BE ONLY A PARTIAL TRUTH, IMPOSSIBLE TO ANSWER, OR JUST IRRELEVANT.

In this fascinating, highly personal investigation into work, Paul Miller challenges us to rethink how and where we work today. Blending his own experiences of work with those of organizations, Miller proposes that it is the 'digital' in the workplace that now defines and shapes our working lives. Building on compelling stories from well-known organizations, Miller explains in a powerful narrative how every aspect of work is being transformed.

This is an essential exploration of modern and future work that we can all relate to personally. Addiction, disappointment, liberation, slavery, speed – *The Digital Workplace: How Technology is Liberating Work* is a captivating manifesto for work that will linger in both the head and the heart.
