

Bargaining Bulletin

June 28 • Issue 15

During the summer months, OSSTF/FEESO members are encouraged to continue to regularly monitor the Bargaining Bulletins section of the provincial website at www.osstf.on.ca/bargaining-bulletins. Any new and important information that arises during the summer months regarding government actions, provincial discussion table updates or changes in the overall bargaining climate will be posted there.

In addition, many of our Bargaining Units have set up a communication network to assist in getting updates to all members at the local level. Pay close attention to any information that you may receive about potential votes, meetings or actions that your Bargaining Unit may conduct as the fall season approaches.

While there is still a high degree of uncertainty as to what may happen in the education sector as we approach September, we must remember that our success has always been, and will continue to be, drawn from the collective strength of all members of the Federation.

Stand Up. Stand Strong. Stand United.

Kenneth Coran, President
