**PRAYER**

**Pray for the Impossible**

It is easier for God to do a difficult thing than an easy thing. The very structure of His infinite nature is such that He lives in the realm of the supernatural, the omnipotent and the infinite.

When we ask Him for some easy and trifling thing, there is always danger of our mingling with our faith a certain amount of human reasoning and looking quite as much to second causes as to God. But when we come out into the clear light and the high altitude of the impossible, then there is no place for anything but God. He is unhindered by our human reasoning's and limited unbelief.

A.B. Simpson

God answers our prayers by giving what we would have asked for if we had known what He knows. When we pray we are not only just saying words, but each time we pray, a portion of God's power is released toward the person for whom we pray.
