

A Legend of the Sand Dollar

An oft told legend
Of how a common shell
Depicts the birth and death of Jesus
And other tales as well.

One side an image of perfection
Resembles the Christmas Star
That brightly shone o'er Bethlehem
Leading shepherds from afar.

The other side a Poinsettia flower
That brightens Christmas Day
Proclaiming birth of the Savior
In a very humble way.

It's also told the five large holes
Brought crucial pain and tear
Four holes pierced by soldier's nails
And one by a Roman's spear

Crack the shell wide open
And instantly you'll find
Five white doves of blessed peace
Bringing glory to mankind.
