Dear Mr. Pearson.

Pursuant to your FOIA request referenced below, I attach a listing of the names and addresses of residents in Brandermill who have been approved to have a dock on the reservoir.

Sincerely,

David B. Johnson, CHCM, CSP
Assistant Director, Risk Management
Head – Environmental, Health & Safety Division

Subject: FOIA Request

Weedon,

Thank you for speaking with me earlier this week regarding inspections of docks and the Resource Protection Area on Brandermill's waterfront of the Swift Creek Reservoir. The lake is a major amenity for our community, and all of our members should want to utilize "best practices" to maintain the only county-owned water source for Chesterfield.

I am a member of the Brandermill Community Association board of directors, but am acting as a private citizen. However, I am hopeful that the BCA can assist in the county's inspection of Brandermill's waterfront RPA and docks by providing free use of one of our pontoon boats, if necessary.

In our conversation you said the county has an application process for any disturbance in the RPA, which includes docks. You indicated the other stakeholders at the county were the departments of Building Inspections, Utilities, Planning and Right-of-Way. The authority for inspections from Environmental Engineering's perspective are an RPA ordinance and the

Chesapeake Bay Act.

Regarding my FOIA Request, please provide me with a list of names and addresses of residents in Brandermill who have been approved to have a dock on the reservoir. Please submit the list by email by Thursday, June 1, 2017.

Thank you for your assistance in this matter. If you have any questions, call me at 744-8210.
