

NOVEMBER 2017

Minot Health & Rehab

Greetings Family Members:

We have just a few facility housekeeping announcements:

Personal Items: It's that time of season to swap out resident clothing items. As the winter chill comes in, remember to take spring & summer belongings out and bring in warm fall & winter clothing. **Please remember any & all resident items need to be properly labeled and added to the personal inventory sheets.** Also, the facility will no longer be responsible for items misplaced or damaged that are not properly labeled and added to the resident's personal inventory sheet.

Appointments: We understand greatly the importance of appointments and getting your loved one to doctor's appointments. We are asking families to help us by accompanying the resident to appointments. We will try to give advanced notice of appointments scheduled. If you have or know about pre-scheduled appointments for your loved one, please do not hesitate to contact us to inform us regarding the appointment.

Winter Health Safety: The winter can be a fun and loving season as family and friends come together to visit their loved ones here at the facility. Yet, the winter can bring the flu, pneumonia, and other respiratory illness' that can compromise the health & safety of our resident's. If you have any signs & symptoms of respiratory illnesses such as cough, sore, throat, fever, runny nose, chills or body aches, we are asking that you not visit & to help be proactive in protecting the health our residents.

Thank you for your help & support! We can't wait to see you all this Holiday Season.
