

TO THE STAFF AND CARETAKERS AT BEL VISTA MEDICAL CENTER

MARCH 15, 2017

Thank you for the beautiful card you sent!

No one can appreciate the care you gave my dad on his last year of his life at Bel Vista as I have.

Dad has always been a giving person no matter how hard his life was. He was always there to help anyone.

As he listened to some of the problems of his care takers dad wanted to ease some of their pain by having me bring sweet bread. He likes watching the staff enjoy pan dulce.

Dad always said, everybody has problems and everybody carry's a cross of pain.

As his son, I had to take this journey with him. In many large families there will always be the chosen one to assume the important task of taking care of a parent. It can be stressful but we have to remember this is for God.

On occasion, I will be bringing pan dulce to the staff in honor of my father.

May God Bless and Keep all of you, may he always shine his light on everyone and your patients.

Cirilo
