Dear Friends:

On behalf of everyone at the Juvenile Diabetes Research Foundation International (JDRF), please accept my sincere thanks for your generous contribution of \$178.90, which we received on December 29, 2006. Your generosity enables JDRF to change the way science is done and accelerate the pace toward a cure for type 1 diabetes and its complications.

The Juvenile Diabetes Research Foundation International, founded in 1970 by parents of children with diabetes, is the leading charitable funder and advocate of type 1 diabetes research worldwide. We continue to invest more money for diabetes research than any other private, nonprofit agency in the world, exceeding \$1 billion in direct funding since being founded.

We are grateful for your generosity and partnership in helping JDRF achieve our mutual goal of finding a cure. If you have questions or need more information about diabetes, or JDRF in particular, please call us 1-800-533-CURE.

Sincerely,

A handwritten signature in black ink that reads "Andrew I. Rubinstein". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Andrew I. Rubinstein
National Manager, Donor Services
