

All about Osprey Point!

What: Students are bussed to and from the outdoor classroom where multisensory opportunities for learning await! Through structured and open ended activities students are given a chance to experiment with natural materials, make observations and predictions, and get a hands on look at nature.

Where: Tucked away on 80 peaceful acres along County Highway GV in Bellevue

When: Every Wednesday morning 8:15-11 September - May(weather permitting)

Who: Pre-k four year old students(pre-k 3 year old students join us from time to time)
