CANCELLATION POLICY

Because our spa services are booked by reservation, we ask that you notify us at least 24 hours in advance should you need to cancel or reschedule your appointment to avoid a 50% service charge to your account.

LARGE GROUPS

We welcome groups of any size and can accommodate most requests. Groups of six or more are required to provide at least a 36 hour cancellation notice and require a 50% deposit to book a reservation.

SPA SERVICE FEE

For your convenience, a 20% spa service charge is added at the end of your services.

GLOW MEDICAL SERVICES

PLATELET-RICH PLASMA FACIAL

\$750

What is Platelet-Rich Plasma?

We obtain Platelet-Rich Plasma, or PRP, by drawing a small amount of blood from your arm into a sterile tube. This sample is centrifuged to separate your plasma, which we use for the treatment, from your red and white blood cells. Plasma contains high concentration of platelets, stem cells and growth factors. Platelets help your tissue heal and grow new cells. In the past, PRP has been primarily used in orthopedic medicine, dentistry and reconstructive surgery to help speed recovery. Now cosmetic dermatology also uses it to help damaged, aging skin grow new collagen and elastin for beautiful, youthful results.

What are the benefits of microneedling with PRP (Vampire Facial)?

When PRP is used with microneedling, it penetrates your skin through the tiny channels the microneedles create. The PRP then supercharges the microneedling benefits. PRP also addresses under-eye puffiness and dark circles to give you a more youthful, well-rested appearance. Since PRP is derived from your own blood, the side effects are minimal.

BOTOX & FILLERS

Prices upon request

Injectables like Botox and Juvéderm can provide the relief from wrinkles, creases and frown lines, and also plump areas of the skin that have lost volume. Our team is skilled at achieving natural-looking results that prevent and reduce the signs of aging.

IV THERAPY

Prices upon request

Individually customized IV therapy restores vitamin and nutrient levels, re-energizes, refreshes appearance and aids in recovery.
