

Same-day credit decisions help you sell more!
H.I.L. Financial is large enough to extend competitive programs, yet small enough to provide you with personalized service.

Get started today with our easy 4-step process:

Step One – Request a Quote:

Contact your account manager to request a quote. If your customer has questions, have them contact us directly.

Step Two – Submit Application:

Customers can complete a credit application online, email it to processing@hilfinancial.com or fax it to 888-678-3468.

Step Three – Request Documents:

Submit a final quote or invoice, which is required for contract preparation. We'll prepare the documents and send them to your customer to sign.

Step Four – Get Paid:

Return signed documents. Upon request, a purchase order can be faxed to you. An original invoice is required prior to funding. Same-day funding is our goal. We may require acceptance from the customer to authorize the release of funds. Receive payment via a wire transfer to your business bank account or overnight check.

Ask us about 100% Pre-Funding - you may be eligible to receive all funds prior to equipment delivery.

It's that easy!

Financing Made Easy. Simple, Fast & Flexible.
