

Gardener and Grounds Assistant

Previous experience in a similar role required

JOB DESCRIPTION

We are looking to fill a position as part of our garden and grounds team who keep Ultima Thule Lodge looking beautiful and well fed. There is a lot of love and attention devoted to running our extensive organic greenhouse, outside gardens and flower beds. The relentless summer sun is both friend and foe when it comes to maintenance of the garden and landscaping. If you love working outside and don't mind getting dirt under your fingernails, we can promise the best view in the house and rewarding outcomes as the summer progresses.

Our ideal candidate should be willing to follow directions, is self-motivated, organized and displays excellent time management skills. This position will assist the owner/garden manager with general gardening duties, as well as take care of the grounds and various yard maintenance.

While the primary role for this position is in the garden and grounds, all staff members may be asked to fill in different areas as needs arise.
