BORDERS

The Atelier Collection

The Atelier Collection is a creative collaboration between blazysgérard and Mosaïque Surface. The collection pays tribute to several world-renowned fashion houses, with subtle touches of architectural inspiration within each design. At once formal and playful, the fashion-centric Atelier Collection delivers a selection of timeless patterns fused with the designers' signature touch. The collection's daring elegance brings a striking avant-garde approach to the traditional art of mosaics.

Blazysgérard

In 2003, after years of discussing beauty and art in all of its forms, Alexandre Blazys and Benoit Gérard joined to co-found the blazysgérard design studio, built and driven by the marriage of their individual talents. For over ten years, this fusion has made possible the studio's signature style and founding credo: to create balanced and functional spaces that capture people's imagination and positively affect their emotional well-being.
