

To our Landmark Event Co. community,

As the COVID-19 outbreak continues throughout the communities where we all live and work, we are consistently looking for ways to help protect the health and safety of our team and guests.

Our team has remained dedicated to following the direction of public health officials for when it is safe to celebrate again. During this period of downtime, we are ensuring our venues are clean and remain empty until we have celebrations. We are reviewing all event procedures to ensure that our team and guests are able to safely enjoy our spaces when we are able. We believe it is our duty to reduce traffic in our spaces now, to ensure everyone can celebrate safely for years to come.

Though our doors are closed, our Venue Management team is dedicated to keeping your events on track. That means we are available for virtual calls and phone appointments for planning at any time. If you have any questions about your event, please reach out, and our team will help guide you through these challenging times. Our clients are the heart of our events. You have plenty else to worry about—let us help to plan your celebration.

Our decisions regarding how we move forward are grounded in the belief that we want everyone to celebrate their events the way they envisioned, and in a healthy and safe way. We will continue to work closely with public health officials to understand how to best serve your needs as soon as conditions allow. We'll continue to share information with our clients as we move forward together into a future that's difficult to predict.

In the meantime, thank you for your understanding, your patience, and most of all your commitment to celebrating with us. Events and celebrations remain a vital part of all our lives, especially in times like this.

All the best,

Your Landmark Event Co. Team
