SILK ROAD

Crisp Handpainted High-Fire Terracotta

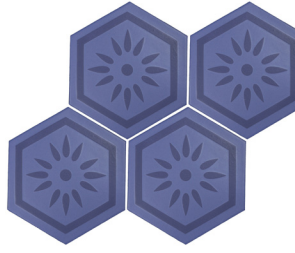

ARTO is known for making rustically elegant, handcrafted ceramic and concrete tiles, bricks, and pavers. Our products are made with locally sourced materials at our Southern California factory. ARTO products are available throughout the United States, Canada, and the world.

SILK ROAD

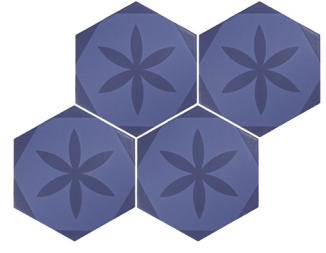

Silk Road features handmade, high-fire ceramic decos with clean lines and crisp edges. After a glaze is applied to the entire tile each 8" hexagon is silk screened by hand ensuring each tile has a personal touch. There are six standard patterns and 14 standard colors giving endless possibilities of combinations while still allowing for custom shapes, designs, and colors. Silk Road tiles are versatile, don't require a sealer, won't patina over time, and are virtually maintenance free. The collection is great for floors and walls and durable enough for freeze thaw environments. These tiles can be also be used in wet areas, but if exposed to pool chemicals an overglaze must be added to the tiles at our factory. At 3/8" thick the Silk Road decos also work with ARTO's Studio Field tiles and trim pieces. To see additional glaze color options for the Silk Road Collection please visit us online at ARTO.com.
