# la roche

Our La Roche Limestone Collection is a finely curated selection of sophisticated limestone tiles. It immediately sparks the imagination of our clients and friends, calling to mind evocative and exotic settings.

Through careful contemplation, we chose four distinct colorways that, in our view, will suit almost any current design plan. This collection has a range of neutral tones and finishes, including brushed, honed, chiselled, and tumbled. These wide-ranging options invite the opportunity to mix and match different sizes, finishes, and colors. Be adventurous!

The La Roche Limestone Collection is applicable for both vertical and horizontal applications in residential and commercial properties.

## Usage

- Bath Floors/Walls
- Commercial Interior Floors/Walls
- Residential Interior Floors/Walls
- Shower Walls

### V3 = MODERATE VARIATION:

While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece may vary significantly. For example "that little bit of color" on one piece of tile may be the primary color on the next piece.
