skyline polished

The bold veining of the Skyline Polished Marble Collection makes unique swirling patterns that only nature could create. It's ideal for those looking for a classic yet different touch to their interior. It has rich color variation, with a blend of white, silver, and hints of brown.

The selection of field tiles, mosaics, and moldings in this collection offers the opportunity to harmonize your space with matching stones. The mosaics come in a wide range of designs. Patterns include Slides, Chevron, Monte, Maze Basket, Pillar, Basket Weave, and many more. The range of polished, honed, and leather finishes adds even more options.

The Skyline Polished Marble Collection is optimal for vertical and horizontal applications in commercial and residential interiors.

Usage

- Residential Interior Floors / Walls
- Commercial Interior Floors / Walls
- Shower Floors / Walls
- Backsplash

V3 - Moderate Variation: While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the number of colors on each piece may vary significantly. For example "that little bit of color" on piece of tile may be the primary color on the next piece.
