THIN BRICK

NSR's natural stone Thin Brick collection creates a calming sense of visual order. Six profile colors allow you to go neutral, rustic, or contemporary. Designed to eliminate the limitations of other brick veneers, our collection is a versatile and lightweight option easy to install in both interior and exterior applications.

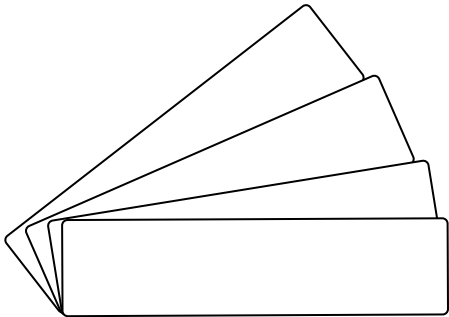

Our collection offers both a 2X8 loose tile, and a 2X8 pre-spaced on a mesh backing that allows you to install nine bricks at a time. Thin Brick comes in a variety of colors and finishes, transforming your living walls and floors with elegance and personality and cutting back on both cost and time spent.

A classic concept reinvented.

APPLICATIONS

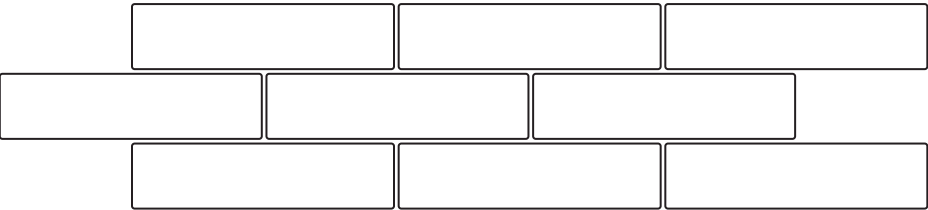

Exterior, Interior, Walls, Floors, Kitchen Backsplashes, Facades, Feature Walls, Fireplaces, Chimneys, Retaining Walls, Stone Pillars, and Stone Columns.

Commercial/ Residential
Exterior, Interior, Hospitality, Retail, Landscape
