iris black

Another addition to our collection of exotic natural stones, our Iris Black Marble exudes beauty and mystery in its pitch-black surface. For added drama, it has striking white lightning veining that will certainly make a statement.

This collection has honed and leather finishes, both of which offer a more contemporary look than classic polished black stones. The honed finish is smooth and matte. The leather finish is subtly distressed, which creates a lighter charcoal tone that's less stark against the white veins.

The Iris Black Marble Collection contains a selection of field tiles, mosaics, and moldings. It's suitable for all interior vertical, horizontal, and wet area applications.

Usage

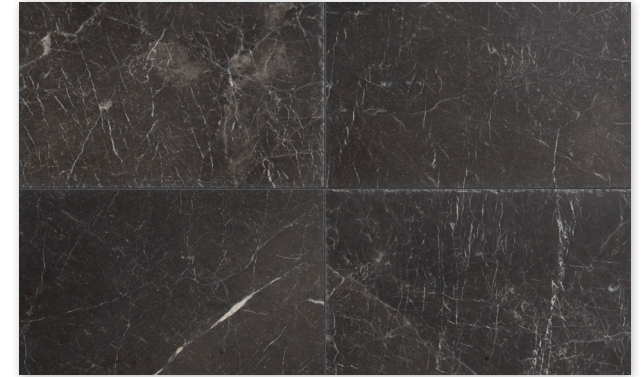

- Residential Interior Floors / Walls
- Commercial Interior Floors / Walls
- Shower Floors / Walls
- Backsplash

V3 - Moderate Variation: While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the number of colors on each piece may vary significantly. For example "that little bit of color" on piece of tile may be the primary color on the next piece.
