Curb Cravings with this Hunger-Quieting Phenomenon!

[Supergut: Gut Healthy Bars, GLP-1 Boosters & More](#)

Support Weight Management, Naturally! GAMECHANGER. The Supergut lineup has a secret weapon: a powerful prebiotic fiber blend that boosts your body's production of the hormone GLP-1, which can help control cravings, improve digestive health, maintain a feeling of fullness, AND aid weight-loss goals! Supergut also helps to balance your blood sugar, which means steadier energy levels and better metabolic health. Enjoy Supergut in a variety of ways, like...

Delicious Low-Sugar Bars: Only 6g Net Carbs! [The Gut Healthy Prebiotic Bars](#) are yummy on-the-go snacks that we'd eat even without the added benefits! With 140–180 calories, 10g prebiotic fiber, and 10g protein, they'll keep you satisfied & energized. And the 6g or less of net carbs and 2g or less of sugar mean no sugary crash-out. Check out the flavors: [Strawberry Almond](#), [Chocolate Brownie](#), and [Peanut Butter Chocolate](#)!

GLP-1 Booster: The 20-Calorie Craving-Stopper! Enjoy the prebiotic powerhouse of Supergut by adding [this unflavored powder](#) to just about anything! Made to improve digestion for healthier weight maintenance, it easily mixes into coffee, smoothies, oatmeal, and more. Packed with 6g prebiotic fiber for a quick hit of gut-nourishing goodness. Try it in [individual stick packs](#) (great on the go) or the [counter-friendly canister](#).
