Goals Statement

Please respond to the following items on a separate page. Your statement will be used in the acceptance process and may also be shared with staff at potential internship sites.

1. Describe the particular types of knowledge and skills you are hoping to develop at an internship with a social justice emphasis. What types of activities, tasks or projects are you most interested in doing?
2. Describe any knowledge, skills, and experiences that might be relevant to staff identifying potential internship placements.
3. Describe any previous experiences working with non-profit organizations or community groups (service-learning, volunteering, student or community organizations, work for particular causes, etc.).
4. What do you anticipate will be your biggest challenges?
