

KICK YOUR CAREER INTO HIGH GEAR.

Granted to fewer than eight percent of hospitals across the nation, Magnet® status is awarded to the best of the best. MedStar Georgetown University Hospital is one of these elite few.

MedStar Georgetown University Hospital, Washington, D.C. **2020 NEW GRADUATE NURSE RESIDENCY PROGRAM**

Learn from the best.

Start your career with the Magnet®-recognized nursing team at MedStar Georgetown University Hospital. The Vizient/American Association of Colleges of Nursing (AACN) Nurse Residency Program™ is an opportunity to develop your clinical and leadership skills in a supportive, hands-on environment.

Become the best.

As a MedStar Georgetown Nurse Resident, you'll attend monthly seminars and learning activities, develop an individual career development plan, complete an evidence-based practice project related to a specialty topic of your choice, and sharpen your clinical skills.

This program extends throughout your first year of practice and lays the foundation for a successful nursing career for many years to come. All Nurse Residents make a two-year, full-time commitment upon completion of unit-based orientation—a fantastic opportunity to begin your career with a prestigious institution.

Experience D.C. with the best.

While you learn new professional skills, you'll also be living in one of the hottest cities for young professionals! Enjoy fun activities with a diverse group of fellow nurses, like a scavenger hunt around the city. MedStar Georgetown is right in the heart of the nation's capital—and there's so much to see and do.

“My first months as a nurse felt as if I had never gone to nursing school, but MGUH held my hand until everything clicked. I now know why a Nurse Residency Program is so important.”

Two years later, I am far ahead of where I thought I would be, and MGUH has provided me with so many opportunities.”

Colby Streb, BSN, RN
Adult Transplant Unit
