In its fourth year, the Spring Clean is an opportunity for organizations from around downtown to give back to the Indianapolis Cultural Trail. Once the snow melts, a lot of litter, dirt, and grime is exposed. The Spring clean is a large Cultural Trail-wide initiative to get the Trail in shape for summer, high usage time.

We invite organizations to get involved by either being a material sponsor, breakfast table sponsor, or corridor sponsor. The Corridor Sponsorship includes bringing a group on 4-12 out on the morning of the event to clean your corridor of the Trail. It's a great opportunity for team building and giving back to the community we all work and play in. This event sells out every year!
