**Investment Highlights**

- **Master developer** of mega resorts
- **Premium mega resort** on the Red Sea
- **Unique business model** with multiple recurring revenue streams

- **Strong shareholder base** and experienced management team
- **Unique value proposition** for sub-developers and residents
ERC reported an almost 19-fold y-o-y increase in net revenues to EGP 316.2 million for 9M2015.

The improvement in 9M results can be attributed mainly to year-on-year increases of 513% in activities revenues (EGP 297.4 million) and 19% in service revenues (EGP 36.2 million).

The ongoing recovery of the hospitality sector and economy in general drove significant increases in cash collections from sub-developers and retail buyers, which stood at EGP 154.2 million for 9M 2015 compared to EGP 39.8 million for 9M 2014. Receipts from community management and services also rose by 26% in 9M 2015 to reach EGP 26.4 million.

The company’s balance sheet remained liquid at the close of the third quarter, with cash of EGP 148.1 million.

ERC received the green light from the TDA (pending EEAA approvals) to proceed with the development of Phase 1 of the Sawari Marina project. The exclusive community will center around a world-class yacht club and marina with room for more than 330 boats and yachts. Pre-sales are expected to commence in 1H 2016.

ERC subsidiary SHC’s joint venture with Palm Hills Developments was launched in April 2015 and unit reservations have so far reached 20% of total available properties. The project shell is fully constructed, and internal finishing is set to be completed within a 12-18 month period.

The company’s Jamaran development sold out towards the end of 2014 and has set the company on course to realize c. EGP 100 mn in revenues over the next three years.

ERC – Egypt’s Master Developer

ERC is a master developer and exclusive community manager of fully integrated, world-class communities

The ERC Business Model:

1. **Acquire broad acre land holdings** suitable for high-quality development at nominal value — *Sahl Hasheesh land bank acquired in 1995 for an average of USD 1.32/m²*

2. **Create a master plan** with some of the world’s leading architectural and urban planning firms

3. **Invest in comprehensive state-of-the-art infrastructure**
   - Water | Sewage Treatment | Electricity | Communications | Road Networks

4. **Market individual pre-designated plots** to sub-developers and investors

5. **Develop prime residential and commercial real estate**: Old Town, Sawari and Jamaran

6. **Implement design guidelines** and community management rules and regulations

7. **Manage the community and supply of utilities** within the developments through our project partners and community management team
ERC Business Model

1. Land Sales

2. Strategic Real Estate Development

3. Community and Utilities Management

**Investment**

- Land Identification/Acquisition
- Master Planning + Infrastructure Investment

**Land Sales**
- Land plots to developers for the construction of hotels, residential apartments, villas, golf courses and other leisure real estate properties
- Land plot use is predetermined according to modern urban development plans

**Strategic Real Estate Development**

1. Commercial Development (monopoly)
   - Commercial retail space for rent
   - Public concession areas
2. Residential Development
   - Residential apartments for rent
   - Residential apartments for sale
3. Other Strategic Assets
   - Marinas
   - Beaches
   - Other public areas

**Community and Utilities Management**

- Utilities
  - Water
  - Sewage
  - Electricity
  - Communications

**Community Services**

- Maintenance and upkeep for public infrastructure, public areas and public buildings
- Security provisioning for residents, visitors and workers
- Waste management provisioning and administration
- Community brand and reputation development
- Future capital fund maintenance and management

**Three Revenue Streams**

ERC leverages strong brand partnerships, a comprehensive development model and management structures that are transferable across projects and sectors – our ambition is to build a prolific, regional master developer generating long term, sustainable revenue streams through three channels.

## ERC Corporate History

### Design
- 1995
- Land acquired for first project – “Sahl Hasheesh” – at an average price of USD 1.32/m²

### Construction
- 2007
- 2005
- 2004
- 2003
- 2002
- 2001
- 2000
- 1999

### Marketing
- 2006
- 2005
- 2004
- 2003
- 2002
- 2001
- 2000
- 1999

### Community Management
- 2015
- 2014
- 2013
- 2011
- 2010
- 2009
- 2008
- 2007

### Important Dates:

#### 1995
- Land acquired for first project – “Sahl Hasheesh” – at an average price of USD 1.32/m²

#### 1998
- First plot sold for USD 37/m²

#### 1996 - 1997
- Incorporation, concept development and master planning for Phases I and II by RTKL

#### 1999 - 2003
- New management augments existing internal structure, taking company to next level in its lifecycle – key support functions included in HR plan
- Detailed development of community services and utilities reticulation model
- Third regional five-star hotel begins operations
- The Old Town receives its first tenant
- Focus on completing key strategic assets – ERC signs with leading global developer Orascom Development Holding (ODH) to develop the Sawari Marina at Sahl Hasheesh. ODH also takes equity stake in ERC
- Jamaran villas project launched on sea front land plot
- First hospital / wellness facility signed on

#### 2004 - 2007
- Unprecedented sales success based on relationship marketing and private roundtable negotiations
- Infrastructure work begins with Bechtel as project manager
- Aggressive marketing to counter tourism industry crash
- Appreciation of overall financial climate leads to practical and market-leading sales terms and development schedules

#### 2010 - 2013
- New management augments existing internal structure, taking company to next level in its lifecycle – key support functions included in HR plan
- Detailed development of community services and utilities reticulation model
- Third regional five-star hotel begins operations
- The Old Town receives its first tenant
- Focus on completing key strategic assets – ERC signs with leading global developer Orascom Development Holding (ODH) to develop the Sawari Marina at Sahl Hasheesh. ODH also takes equity stake in ERC
- Jamaran villas project launched on sea front land plot
- First hospital / wellness facility signed on

#### 2014
- Company ramps up marketing efforts, looking to capture larger market share as tourism recovers
- ERC contracted 100% of Jamaran for EGP 100 million to be realized over the following three years

#### 2015 onwards
- ERC to prepare for work on the Sawari Marina project after having received the TDA’s approval to redefine the boundaries of Sahl Hasheesh’s Phase II in May 2015
- Complete internal finishing of Tawaya project within 12-18 months, SHC’s joint project with Palm Hills Developments
- Concentrate efforts on land sales to sub-developers with demand for plots at all-time high

### Jurisdiction
1998 - 2007
- Design
- Construction
- Marketing
- Community Management
Dislocations after the global financial crisis and the 2011 uprising have left Sahl Hasheesh with the opportunity to emerge as the destination of choice for investors.

**Comfortable Cash Reserves – EGP 148 million**
ERC can spend on critical infrastructure projects for the coming years.

**Prime Land Bank**
ERC owns over 2.7 million m² of prime locations (1.6 million m² available for sale + 1.1 million m² Sawari Marina Project) on the Red Sea coast. Average sale prices grew at a CAGR of 90% before the global financial crisis.

**Supporting investment to boost the destination**
Smart, targeted, destination marketing is positioning Sahl Hasheesh as the destination of choice for visitors as well as developers resuming investment as tourism and second-home purchases regain momentum.

**Expanding land sales to key developers**
Attracting investments through tailored products to developers’ was the key to the turn around of 2015.

**Contingency Planning**
In the unlikely event the TDA does not reverse its withdrawal of the Phase III land area, ERC has been actively building the capacity to shift the business model from a pure master developer to a mega B2C developer with around 2.7 million m² available for development over the next six to eight years as further proven by developing a number of proprietary projects.

**Proprietary Strategic Projects on the Rise**
ERC is developing several key projects that increase Sahl Hasheesh’s attractiveness and encourage widespread development:
- Jamaran: Sea-front villas
- Tawaya: Sea-front apartments
- Sawari: Marina project (apartments, villas, hotels & commercial units).
Delayed recovery relative to peers suggests strong rebound triggered by acceleration of sales activity and Phase III land plot issue resolution

January 2011 – November 2015 (rebased to 100)

A rare and established prime diving and seaside destination

On program to become the no. 1 destination for seaside hospitality, residential and entertainment developers
A master-planned project roughly two-thirds the size of Manhattan

Sahl Hasheesh is a unique, purpose-built Red Sea destination 18 km south of Hurghada International Airport and approximately 470 km from Cairo. The year-round development – approximately two-thirds the size of the island of Manhattan – is situated on a bay long renowned as a world-class diving and seaside destination and includes a 12.5-km shoreline.

**LOCATION + SIZE**
- 18 km south of Hurghada Int’l Airport
- 22 km south of Hurghada city center
- 470 km from Cairo
- 32 mn m² / 10,000 acres / 4,100 hectares
- Approx. two-thirds the size of Manhattan

**DIMENSIONS + SHORELINE**
- Length Range: From 7.0 to 8.0 km
- Depth Range: From 4.5 to 6.8 km
- Bay Length: 12.5 km (7.8 miles)
- Gorgeous sandy beach, 9 km swimmable
- Overlooks renowned dive site at Hasheesh Island

**UNIQUE CHARACTERISTICS**
- An all seaview resort
- Land elevations range from 0 m above sea level at the front of the resort to 120 m at the back—almost 40 stories high
- Year-round resort with moderate to hot weather and calm waters
Phase III shapes and brings online phased districts totaling **20 million square meters**, and is the key to **transforming the development** from a pure resort to a thriving **resort city**.

The WATG design introduces the heart of the city: **hospitals, schools, office buildings and SMEs** are among the developments that will shape a year-round municipal downtown at Sahl Hasheesh.

- After the 2011 uprising, the TDA withdrew land plots from many developers, including ERC.
- The allocation of Phase III of Sahl Hasheesh was cancelled, with the justification that ERC did not submit the master plan of Phase III.
- There were no prior notices for this withdrawal, which violated the land allocation agreement.
- ERC immediately submitted the master plan, which had been ready but was undergoing minor fine adjustments, and followed the legal steps by filing an appeal to the TDA to reverse this decision.
- ERC also submitted an appeal to the Dispute Resolution Committee under the TDA.
- ERC then filed a case against the TDA and the court forwarded the case to the Panel of Experts to investigate and report their opinion.
- ERC is optimistic about the outcome because of its strong legal position and because the government not only wants but also needs to resolve all disputes that have crippled the real estate and tourism sectors and the economy in general.
## Sahl Hasheesh: Progress Benchmarks

### Phase 1
- **6 million m²**
  - **Hotel Rooms**
    - Fully finished: 1,632 rooms (four projects)
    - Rooms under construction: 4,440
  - **Residential**
    - Fully finished: 1,094 villas/apartments (five projects)
  - **Entertainment**
    - 44,000m² retail and entertainment ready
    - Two designer golf courses

### Phase 2
- **6 million m²**
  - **Hotel Rooms**
    - Fully finished: 1,560 rooms (three projects)
    - Rooms under construction: 1,860
  - **Residential**
    - Fully finished: 460 villas/apartments (1 project)
    - Villas/apartments under construction: 670
  - **Entertainment**
    - First phase of Sawari Marina to host 330+ yachts, three hotels and 1,095 residential units/villas, in addition to a commercial area

### Phase 3
- **20 million m²**
  - **General Status**
    - Master plan by WATG finalized and delivered to TDA
    - Staff housing capacity (1,000 units online)

---

Phases I and II of Sahl Hasheesh are currently home to more than 3,000 hotel rooms and suites managed by brands including Premier Le Réve, Premier Romance, Pyramisa and Old Palace, in addition to 1,500 residential units. Five of our hotels are top 10 picks on Trip Advisor.

6,300 hotel rooms and 670 residential units are under construction.

---

### A phased master plan executed in coordination with leading local and international development partners

A unique value proposition for ...

1. Investors & Sub-Developers

**Controlled Supply**

Large – yet strategically released – land phases deployed based on development and ROI protection. Land supply around Hurghada is eroding quickly, while future sites at Sahl Hasheesh are easily brought online on short timelines, allowing profit protection.

**Superior Infrastructure**

“Plug-and-Play”: Infrastructure up to site limits with developers simply “plugging” in.

Potable Water: Desalination plants delivering water needs with plug-in expansion capability.

Water Treatment: Tertiary treatment generating drinkable water.

 Communications: Black fiber network delivering VOIP, Internet and IPTV.

Electricity: Substations ensure capacity secured well in advance of requirements.

**One-Stop-Shop**

Investors and developers deal only with ERC, while ERC takes on all bureaucratic licenses, approvals, building permits and land registration.
and for ...

2. Tourists & Residents

**Community Management in an Upscale Resort**

Architectural integrity and cohesion guaranteed by strict design guidelines coupled with innovative design concepts promise an ideal physical environment.

Community management controls and regulations ensure an uncommonly high level of environmental amenity and management services.

Maintenance and upkeep ensure a continuously functional and clean-operating and service-focused environment.

Full services and amenities blend the convenience and opportunities of a year-round municipality with the climate, lifestyle and attitude of a resort destination.
ERC Business Model – The Case at Sahl Hasheesh

Three Revenue Streams
ERC leverages strong brand partnerships, a comprehensive development model and management structures that are transferable across projects and sectors – our ambition is to build a prolific regional master developer generating long term, sustainable revenue streams through three channels.

1. Land Sales
   - Land plots to developers for the construction of hotels, residential apartments and villas, golf courses and other leisure real estate properties
   - Land plot use is predetermined according to modern urban development plans

2. Strategic Real Estate Development
   - Commercial Development through subsidiary Sahl Hasheesh Co. (78.44%)
     - Commercial retail space for rent
     - Public concession areas
   - Residential Developments
     - Residential apartments for rent
     - Residential apartments & villas for sale
   - Marina Development
     - Marina basin and docking area
     - Surrounding residential and commercial real estate

3. Community and Utilities Management
   - Utilities
     - Water
     - Sewage
     - Electricity
     - Communications
   - Community Services
     - Maintenance and upkeep for public infrastructure, public areas and public buildings
     - Security provisioning for residents, visitors and workers
     - Waste management provisioning and management
     - Community brand and reputation development
     - Future capital fund maintenance and management
Revenue Stream 1
Land Sales
Revenue Stream 1: Land Sales

Transfer of Ownership Occurs Upon Project Completion and Operation to Prevent Developer and Investor Speculation

The vast majority of land is scheduled for release during Phase III of the project.

The completion of key strategic assets will positively impact tourist and residential demand, the operating performance of sub-developers and, ultimately, land plot prices.

The table below provides a breakdown of the land area, sold area, ERC future projects, and available for sale by year:

<table>
<thead>
<tr>
<th></th>
<th>Years</th>
</tr>
</thead>
<tbody>
<tr>
<td>Area (million m²)</td>
<td></td>
</tr>
<tr>
<td>Sold (million m²)</td>
<td></td>
</tr>
<tr>
<td>ERC Future Projects (million m²)</td>
<td></td>
</tr>
<tr>
<td>Available for Sale (million m²)</td>

</tr>
<tr>
<td>Phase I</td>
<td>6</td>
</tr>
<tr>
<td>Phase II</td>
<td>6</td>
</tr>
</tbody>
</table>

The table also includes a timeline for the offer, acceptance, review + construction, and CapEx phases:

1. Plans reviewed against design guidelines
2. Construction permit issued
3. Continuous multi-disciplinary inspections

- Offer received from developers/investors
- Reservation payments prove offer validity
- Proof of project funding may be requested
- Sales contract signed (includes exclusive utilities agreement)
- Full down payment
- Design guidelines delivered to developer
- Infrastructure coordination with developer
- Infrastructure investment
- Infrastructure delivery (120 days prior to operation commencement)

Plot Sales
Projects Development
Plot Sales
Projects Development
Industry-Beating Model

2.7 million m² (excluding Phase III) remain in the pipeline at Sahl Hasheesh. Average sales price grew at a CAGR of 90% before the global financial crisis and profit margins reached 84%.

Weighted Average Sales Price/m² Achieved (USD)

- 2004 WAP was low due to a one-time promotional 1 million m² golf course sold at USD 4.01 per m² to a strategic investor
- In 2013 and 2014, we sold 67,000 m² to the same strategic investor with favorable prices

Weighted Average Cost/m² (USD)

- Cost of Infrastructure: Blended weighted average cost for all 3 phases.
- TDA Land Payments:
  - Phase I – Fully paid
  - Phase II – Fully paid
  - Phase III – EGP 273* mn outstanding (Long Term Liability), three years grace + seven years payment
- Infrastructure Delivery Terms: 120 days prior to development operations commencement.

* As of 30/9/2015

• ERC maintained long-term land bank residual value by controlling end-consumer supply by not engaging new land plot sales in 2009 and 2010. Excessive supply will result in price competition among developers hurting their returns and in turn hurting ERC’s land plot prices.

• Developer Payment Terms:
  - Down Payment: 20% - 30%
  - Installments: 5 – 12 equal semi-annual installments
Revenue Stream 2

Real Estate Development: Strategic Projects and Sahl Hasheesh Company
SHC Land Bank and Strategic Developments | **Overview**

ERC’s subsidiary Sahl Hasheesh Company (SHC) is developing approximately 700,000 m² of commercial and residential property.

**Total**: 666,197 m²

Sole developer for Phases I and II downtown mixed-use areas.

Strategic plots acquired at market prices for mixed-use development.
A partnership between SHC and Palm Hills Developments to build an exclusive waterfront residential project in the Old Town of Sahl Hasheesh.

With this strategic alliance, ERC is targeting the build-up of a local community of residential owners.

**Project Brief**
- 147 exclusive seafront apartments, spread over seven buildings
- Unit sizes range between 60-294 m²
- Sellable BUA of 14,262 m²
- Delivery in 12 to 18 months
- Sales window opened in April 2015
- Expected project duration of 2 years
• 2.5 mn m² exclusive community centered around a world-class yacht club and marina
• Water across 117,000 m² to host 330+ boats and yachts from 10-60+ m in length
• Two 5-star and one 4-star hotels in Phase 1 around the marina basin
• 1,000+ villas and apartments in Phase 1—around the marina basin and lagoon only
• An extensive pedestrian promenade, featuring more than 2 km of boutique shopping, fine dining, cafes, nightlife and entertainment venues

**Project Highlights**

- Total area of Phase 1: 1.1 mn m²
- Number of apartments: 1,020
- Number of villas: 171
- Number of hotel land plots: 3
- Total residential BUA: 130,000 m²
- Construction duration: 9 years (for phases 1 & 2)
• An exclusive enclave of sea-side villas along the coast of Sahl Hasheesh
• Four designs to choose from, with each possessing a unique architecture style while embodying the elegance, simplicity and charm associated with Sahl Hasheesh seaside living
• Designs include several bedrooms and washrooms, spacious kitchens and living rooms and private backyard pools and rooftop terraces, all with sea view
• Each villa has a large private garden and the option of adding an infinity pool and barbeque area
• ERC has attracted a real estate developer to acquire and develop an area designated for sea-side apartments while adhering to the simple, elegant design guidelines that characterize Jamaran

Appendices
Resilience, returning tourists and continued investment boost sector

Tourism in Egypt

- Tourist numbers up 4.9% y-o-y in 8M2015 to 6.6 mn.
- Tourism revenues reached USD 4.6 bn in 8M2015 reflecting a year-on-year increase of 2.2%
- Average number of nights spent grew 18.3% y-o-y in July 2015 to stand at around 9.5 nights
- Total number of nights spent had increased in the seven-month period (January to July) 2015 to reach approximately 53.6 mn compared to 50.1 mn during the same period in 2014

Tourism on the Egyptian Red Sea

- Capacity in the Red Sea governorate stands at 69,000 hotel rooms, 31% of Egypt’s total hotel capacity of 225,000
- Occupancy rate in Sahl Hasheesh remains higher than norms in Egypt, standing at c. 75% in 10M 2015.
- Turnaround was aided by increased government spending on infrastructure projects such as the USD 335 million expansion of Hurghada International Airport, as well as investments made by forward-looking companies such as ERC to build-up capacity and infrastructure in the area

ERC’s Vision, Mission & Strategy

VISION
To become a regional master developer of international-standard mega communities by designing and implementing a world-class, master-designed, developed and controlled community standard, with the aim of redefining Egyptian urban planning, from every aspect of the world’s best international communities and developments.

MISSION
To make our shareholders proud of the company’s standards, reputation, operational performance and financial performance by creating memorable destinations and by being a reliable partner to our sub-developers and investors.

STRATEGY
To successfully implement the identified initiatives to ensure the success of our main product, the Sahl Hasheesh International Resort Community, and to be flexible during uncertainty by continuously searching for organic and inorganic growth opportunities that diversify and enhance our sustainable long-term income-generating ability. The search for opportunities will consider forward integration in the real estate value chain as well as investments across different real estate segments, sectors and geographies.
Management Team (1/2)

Mohamed Kamel, Chief Executive Officer
Mr. Kamel is a former Board Member of ERC and Vice President of Corporate Development. Prior to ERC, he served in various roles with KATO Investment including Corporate Vice President for Strategy and Governance and Business Development Manager. He has an MBA from Harvard Business School and an MA in Economics from the American University in Cairo. He is an ex-consultant with Bain and Company in London.

Hassan Azab, General Manager, Sahl Hasheesh Company
Eng. Azab has a Bachelor of Science in Aeronautics & Military Science. He has over 30 years of experience in the design, planning, construction and commissioning of hotels and resorts (2,200 rooms in total) in Hurghada, Sharm El Sheikh, Cairo, Luxor and Aswan, in addition to five floating hotels.

Nasser Aboulela, Vice President — Planning & Development
Mr. Aboulela joined ERC with over 25 years of experience in hands-on management of master planning and real estate development in the United States, Japan, Russia and the United Arab Emirates. He held executive positions with major corporations including Universal Studios, Dubai World, and Skolkovo Foundation. Mr. Aboulela’s involvement in high profile projects includes Universal Studios Florida Islands of Adventure, Universal Studios Japan, Honolulu International Airport in Hawaii and Zagorodny Kvartal, Russia. Mr. Aboulela holds a Bachelor’s Degree in Architecture from Alexandria University and a Master’s degree from the University of California, Los Angeles.

Mohamed Saad, General Manager — Site Operations
Mr. Saad joined ERC from Misr American Carpet Company (MAC), where he was the Regional Business Manager (Middle East and Africa). Previously, as a General Manager with El Sewedy Electrical Group, he was responsible for business development and sales of major electrical infrastructure projects, including power stations, substations and transmission and distribution networks. Mr. Saad holds a Bachelor’s degree in Electrical Power and Machines Engineering from Cairo University.

Abu Bakr Makhlouf, Director — Commercial
Mr. Makhlouf heads ERC’s commercial activities with an extensive background in commercial strategy and an MBA from IESE, a world leading business school in Spain. Prior to joining ERC, he served as the Commercial Strategy Manager for CEMEX, where he led the company’s regional business strategy. Mr. Makhlouf has a diverse background including taking on several roles in Strategic Planning, Project Management and Commercial Sales Management as well as entrepreneurship experiences.

Hazem Kassem, Director — Approvals & Compliance, Planning and Development
Prior to joining ERC in 2008, Mr. Kassem launched an architecture and interior design firm in Cairo that has, over a seven year span, successfully delivered more than 45 commercial and residential projects in Egypt and London. Mr. Kassem holds a Bachelor’s degree in Architectural Engineering and Environmental Design from the Arab Academy for Science and Technology.

Osama Shendy, Director — Human Resources
Mr. Shendy joined ERC with 19 years’ experience, bringing his extensive expertise in strategic planning, restructuring, organizational development, human resources management and quality management systems. Prior to joining ERC, Mr. Shendy acted as lead consultant for numerous organizations such as Arabian Cement Company, Kobusch Packaging Egypt, Al Rajhi Investments and Contact Group, to name a few, in addition to being Director of HR and Organizational Development at El Sewedy, Mobica and MAC Carpets. Mr. Shendy was also a National Business Planning Consultant for FAO (UN) in addition to having been a member of the Board of Advisors for the National Award for Excellence for both Government & Business Sectors. Mr. Shendy holds an MBA in Corporate Strategy and Economic Policy from the Maastricht School of Management, and is a certified assessor for business excellence as well as a Certified Management Consultant from the Institute of Management Consultancy, the UK.
Management Team (2/2)

Sherif Omar, Director — Planning and Design
Mr. Omar joined ERC in 2003 as Chief Mechanical Engineer, supervising a number of projects including the construction of a sewage treatment plant and a water pump station. He became Head of Infrastructure, Planning and Design in 2010. Prior to joining ERC, Mr. Omar was a Technical Office Project Engineer, and later a Project Manager at the Arab Engineering Company. He holds a BSc in Mechanical Engineering from Cairo University.

Ahmed Fahmy, Head of Information and Communication Technology
Mr. Fahmy has more than eight years of experience in the Information and Communication Technology (ICT) field. He is responsible for preparing ICT related strategic and operational plans, including designing and managing the ICT infrastructure, networks and several ICT solutions, as well as supervising the implementation of the ICT security strategy. Prior to joining ERC, Mr. Fahmy held several IT positions in real estate and IT-solution companies. Mr. Fahmy holds a Bachelor’s degree in Telecommunication and Electronic Engineering.

Laila Karim, Head of Marketing
Ms. Karim joined ERC as Marketing Manager with her core job responsibilities including analyzing market trends, leading all areas of content generation and production across all media platforms, and creating and leading a marketing team that will develop and execute new marketing concepts, business models, communication channels, and establish new partnerships to help position business as an innovator and market leader. Prior to joining ERC, Ms. Karim held a number of key positions in companies such as AAPIC and BioGeometry Canada. Ms. Karim holds a Bachelor’s degree in Communications Studies with a specialization in Public Relations from California State University, as well as an Interior Design Diploma from American River College in Sacramento, and a M.A. degree in Interior Design from Florence Design Academy.

Mounir Sedki, Head of Strategy and Business Development
Prior to joining ERC in 2011, Mr. Sedki spent four years of his career with Booz & Company, the world’s renowned strategy and management consulting firm. While at Booz, Mr. Sedki worked on a vast array of projects in sectors ranging from real estate to public and transportation in the MENA region, whereby he conducted extensive industry research and business assessment as well as several transformation strategies. Mr. Sedki holds a Bachelor’s degree with honors in Mechanical Engineering from the Arab Academy for Science and Technology.

Nazih Seoudy, Head of Developer Services
Mr. Seoudy joined ERC with over 20 years of experience at Xerox Egypt, where he held a number of positions including Director of Customer Services and National Service Manager. Prior to joining ERC, Mr. Seoudy was Director of the Customer Care Department at EMAAR Misr, before joining MAC Carpets as Director of Customer Relations Management. Mr. Seoudy holds a BSc in Electrical Engineering and Communications from Ain Shams University and is also a certified Lean Six Sigma Green Belt.

Sameh Hashad, Head of Community Engineering
Mr. Hashad has over 20 years of experience in the field of construction engineering and large-scale project development. He joined ERC in 1998 as an Assistant Construction Manager and has since worked on various projects, most notably Arrival Piazza as well as eight commercial shopping centers around Sahl Hasheesh on Egypt’s Red Sea coast. Prior to joining ERC, Mr. Hashad worked for a number of reputable Egyptian and Saudi developers and was involved in the planning and execution of major projects, including renovation and construction work on King Abdulaziz University. Mr. Hashad holds a Bachelor’s degree in Civil Engineering as well as a diploma in Soil Mechanics and Foundations from Cairo University.

Sayed Amer, Head of Accounting
Mr. Amer has more than 18 years of experience in the field of accounting and auditing. Prior to joining ERC, Mr. Amer spent 14 years of his career as a senior audit manager at KPMG Hazem Hassan, Egypt. He was responsible for the diligent review of audit documents and ensuring compliance with the firm’s methodology and applicable auditing standards. Mr. Amer is a member of the Egyptian Society for Accountants and Auditors (ESAA). He holds a Bachelor’s degree in Commerce from Cairo University with a major in Accounting.
