

Fresh thinking. Better outcomes. **Proven savings.**

IU Health Plans is integrated with IU Health, partnering with highly-skilled healthcare professionals to manage and influence the tools, services, and programs providers use to deliver member health and wellness. **Our fresh approach offers Indiana employers proven overall savings on medical and pharmacy costs.**

HIGH-PERFORMING NETWORK

Convenient access to world-renowned healthcare.

Statewide access to more than 50 facilities and 13,000 unique providers through Indiana's leading healthcare system, IU Health—plus strategically selected healthcare providers including Community Health, Deaconess, American Health Network and more.

Members have access to Indiana's most highly skilled network of board-certified family medicine physicians, internal medicine physicians and pediatricians.

80% of Indiana's top doctors practice with IU Health.

PHYSICIAN-LED POPULATION HEALTH

Our focus is on the doctor-patient relationship.

Our population health model is designed and led by a highly skilled team of IU Health physicians.

Trusted providers (not the insurance company) engage with members.

Real-time coordinated care leverages the expertise of IU Health to keep members healthy across the continuum of care, with the guidance from care managers.

Shared electronic platform provides visibility on claims, clinical conditions, biometric information, pharmacy, labs and more—leading to more effective and efficient treatment.

The right care at the right time to help address members' individual health issues, leading to improved outcomes and reduction in medical and pharmacy costs.

VALUE-ADDED PROGRAMS

Employee-centered health and wellness solutions.

We have a deep understanding of Indiana's community health risks, needs and opportunities, and can partner with employers to address specific healthcare needs.

Healthy Results,[®] a comprehensive health and wellness program nationally recognized for their commitment to exceptional corporate wellness programming while successfully demonstrating positive a impact on member outcomes.

Business Solutions that provide all members with convenient access to video visits and urgent care locations. Additional solutions may benefit larger companies, such as near-site and on-site clinics.

MEDICAL AND PHARMACY SAVINGS

The bottom line:

An average savings of 13%*

Through our high-performing network, physician-led population health model, and value-added health and wellness programs, IU Health Plans can deliver better outcomes and proven overall medical and pharmacy savings.

*Average medical and pharmacy savings seen with employer groups that have been with IU Health Plans for two or more years.

We bring it all together.
