

# C-1040DF

(4) 10" SLIM SUBWOOFER

## (4) 10" (254mm) Laminated Aluminum Cone Woofers

The C-1040DF down firing subwoofer is built from solid 5052 aircraft grade aluminum and expertly finished to your color preference; the craftsmanship of this subwoofer exudes luxury and performance. The aluminum cabinet is finished in an extreme powered coat for outdoor and marine applications and its slim down-firing configuration allows for hidden operation.

Internally, the cabinet features four specially designed 10" shallow transducers. Each 10" transducer features a laminated aluminum honeycomb cone and Santoprene™ surround for years of trouble use.

The C-1040DF subwoofer has been tuned to perform all the way down to an impressive 25Hz!

Designed for listeners that demand the very best, the C-1040DF subwoofer delivers lower distortion, smoother frequency response, tighter transients and greater bass extension than conventional designs.

Size	5 h x 32 w x 26 d (in) 127 h x 813 w x 660 d (mm)
Freq Response	25-140Hz±3dB
Impedance	8 ohm
Sensitivity	91dB 2.83V/1m
Power req.	250 - 500W
Woofers	(4) 10" (254mm) Aluminum
Finish	Custom Finish
