

PD32-70 CEILING SERIES

70V

3" 2-WAY 70V PENDANT SPEAKER

(1) 3" (76mm) Aluminum Cone Driver (1) 0.75" (19mm) Aluminum Dome Tweeter

Excellent sound quality coupled with unique modern design and easy installation makes the PD32-70 ideal for a wide variety of applications including retail, restaurants, malls, hotels, fitness centers, exhibit spaces, conference rooms, atriums, museums, and other high open-ceiling applications. Available in standard black and a variety of custom color choices to accent your furnishings. The PD32-70 is perfect for situations where background music is needed but ceiling mounting is prohibitive. The PD32-70 features a rear eyebolt for suspending and an extended outer color shell to conceal the terminal, wiring, and eyebolt. Installation hardware is not supplied by James Loudspeaker.

The PD32-70 includes a built in 70V low distortion toroidal transformer and crossover network, making them easy to integrate into all James speaker systems.

Custom colors are available at an additional charge, please allow 2-3 weeks lead time for delivery. If you can imagine it, we can build it!
