

# SXC320-R/SXC320-S CEILING SERIES

3" 2-WAY CEILING SPEAKER - AVAILABLE WITH EITHER ROUND OR SQUARE GRILLE

## (1) 3" (76mm) Aluminum Cone Driver

## (1) 0.75" (19mm) Aluminum Dome Tweeter

The SXC320, small-format loudspeakers feature a coaxially mounted 0.75" aluminum dome tweeter design over a proprietary high-excursion 3" woofer. The SXC line was inspired by the successful QXC in-ceiling speakers, and intended for smaller spaces like kitchens, bathrooms and hallways where a James SA Series speaker is not needed. These speakers are enhanced when paired with a James subwoofer such as the QXC10S or QXC8S.

All woofers are James designed with aluminum cones and santoprene surrounds to allow marine use while maintaining the highest quality sound. All enclosures are constructed with aircraft grade 5052 aluminum and include white paintable aluminum grilles.

Installation could not be easier for either retro-fit or new construction projects. The SXC and the QXC series loudspeakers use a unique 3-piece installation method employing a lightweight frame, independent speaker body and a border-less aluminum grille that protrudes less than 3/16" (5 mm) - or completely flush with the addition of a pre-construction board. Choose from a square or round grille.

R Size	5.64 dia w x 6.125 d (in) 144 dia x 155.5 d (mm) depth w/grille 6.311 d(in) 160(mm)
S Size	5.64 h x 5.64 w x 6.125 d (in) 144 h x 144 w x 155.5 d (mm) depth w/grille 6.311 d(in) 160(mm)
Freq Response	100Hz-20kHz±3dB
Impedance	4 ohms
Sensitivity	86dB 2.83V / 1m
Power req.	25-100W
Woofer	(1) 3" (76 mm) Aluminum
Tweeter	(1) 0.75" (19 mm) Aluminum
Finishes	White Paintable Grille
PCB	SXC320PB
PCBF	SXC320R-PBF/SXC320S-PBF

### Ordering Notes:

SXC320R for the round grille.

SXC320S for the square grille.

SXC320R-PBF for flush mount pre-construction board.

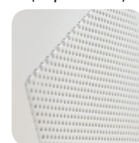

SXC320S-PBF for flush mount pre-construction board.

SXC320SM for marine applications.

SXC320RM for marine applications.

Flush mount pre-construction board available for nominal fee, allow 3-business days to create.

Flush Grille  
(Requires PCBF)

Round Grille

Square Grille

Paintable borderless aluminum grille protrudes less than 3/16" (5 mm) from wall. Marine Grade: Up charge of 15% from standard dealer price except for listed "M" models.
