

# Should the City of Berkeley provide free Wi-Fi to all residents?

## What is this about?

City Council has requested an evaluation of the costs and benefits of city-wide Internet access to people who live and work in Berkeley.

- ◆ Is this a smart use of public funds (\$2-5 million dollars)?
- ◆ Would this help bridge the digital divide in Berkeley?
- ◆ What benefits do you think this system will provide to citizens?
- ◆ What are your concerns?

You can help decide!

## What can I do?
