

GI Medical Oncology Fellowship at BC Cancer – Vancouver Centre

The BC Cancer - Vancouver Cancer Centre is pleased to announce an opportunity for a 1-2 year Medical Oncology fellowship in GI Medical Oncology, with a focus on neuroendocrine tumors. The successful applicant will spend time in GI Medical Oncology clinics, will be involved in health outcomes and translational research programs, and will help develop a multidisciplinary neuroendocrine program at BC Cancer. Opportunities for formal course work leading to a graduate degree from the University of British Columbia are also available.

- Location:** BC Cancer, Vancouver, BC
- Job:** GI Medical Oncology Fellowship with a focus on Neuroendocrine Tumors
- Term/start date:** Negotiable (Start after January 1, 2019, duration of 12-24 months)
- Eligibility:** The Fellow will have completed a medical oncology residency program before starting their fellowship and must be eligible for licensure in British Columbia. For non-native English speakers, a TOEFL is required.
- Funding:** The fellow will be paid at a PGY6 salary rate and will receive benefits (<https://residentdoctorsbc.ca/bargaining-benefits/collective-agreement/>)
- Application:** Please submit CV and cover letter to:
Dr. Jonathan Loree
Assistant Professor and GI Clinical Outcomes Unit Co-Chair
