

have simply been cut down to that size. The Lenox Library has two of the large copies—one of them printed on ordinary book-paper, like that library's smaller one, and the other printed on fine writing-paper. On the verso of the latter's title-page, Shea wrote as follows: "Des 5 de ce format No. 2 J. G. Shea." This copy has another peculiarity. It contains everything noted in the above collation, and also another title-page with this imprint: "Quebec, | A la Presse Cramoify. | M. DCCC. LX. | Avec Permission. | Le droit de traduction est reserve." The same introductory "Epistre" is repeated, but is called "Avant-propos." On the verso of the Quebec title, instead of the usual statement of number of copies printed, this takes its place: "Registré fuivant l'Acte de la Legislature Provinciale, en | l'année mil huit cent foixante par le R. P. F. Martin au | Bureau du Registrateur de la Province du Canada." Both the "Epistre" and "Avant-propos" are dated: "Montreal, 20 Julliet [*sic*], 1859," and have Father Martin's initials, "F. M."
