How To Use The Bulletin

The bulletin is separated into the following sections:

- Report Detail (Section II)
- Pin Numbers (Section III)

Summary (Section I)

This section is not included in this non finalized issue.

Report Detail (Section II)

The report detail is obtained from the transfer declarations filed at county courthouses. Report detail gives the specific data for individual land sales of 20 acres or more between related and nonrelated parties as this includes:

- County
- Date
- Municipality
- Document #
- Legal (section, township #, range #)
- Acres
- Price
- Price Per Acre
- Seller (First Initial / Last Name)
- Buyer (First Initial / Last Name)
- True & Full Value
- Deed Type
- Comments

The report includes as much of the above information as is available from the data provided.

Pin Numbers (Section III)

Pin Numbers (Parcel Identifying Number). This section lists the available pins for each sale document number identified in Section II. The pin # is a useful reference tool when contacting the courthouse for information regarding specific sales.

To find out the associated pins on a selected sale use the document number in the report detail, or Section II, turn to Section III and find the listed county, under that county list look for the document number you have selected. The pins for that document will be listed if available.
