

## Want to make Hillingdon more cycle friendly?

London has just elected a new Mayor, and this is an exciting time for cycling!

Sadiq Khan made a commitment to deliver LCC's three-point agenda for cycling as part of the 'Sign for Cycling' campaign.

That means he's promised to: create more segregated cycle lanes; reduce lorry danger; and most importantly for you, create a cycle-friendly town centre in Hillingdon.

LCC wants to work with people in Hillingdon to make sure he delivers. Do you have ideas for what needs to change? Is there a high street or town centre which could be improved to make it more people-friendly?

**Tell us! Email [activism@lcc.org.uk](mailto:activism@lcc.org.uk)**

## Want to be part of a new Local Group in Hillingdon?

The LCC local groups campaign for better, safer facilities in their communities. They also organise group rides and social events.

Currently there is a considerable gap in local activism and campaigning presence in this area. You could get involved and make a difference:

### A regular meeting for local cyclists

You could set up a monthly (or bi-monthly) meeting in a café or community centre - there tips on the [LCC website](#).

### Meeting with local councillors

You could contact the council to discuss cycling issues and help to develop improvements.

### Lead a group ride

Would you like to lead rides? More than ever people are looking for social rides. LCC can help with ride leader training and you can promote rides on the website.

### Organise an event

If you can maintain a bike you could run a workshop teaching others how to repair punctures.

Perhaps you could run a stall at a local fair?

Or simply arrange a social event to have fun together - a picnic or going out for pizza.

## What can you bring to Hillingdon Cycling Campaign?

Do you enjoy taking photos or using social media? Could you help with Twitter and/or the Facebook pages, for example?

This could be an opportunity for you to develop your skills. Or to acquire new ones!

LCC can give the group lots of support. If you are interested in getting involved, please email Amy Summers at [Amy@lcc.org.uk](mailto:Amy@lcc.org.uk)

## What can you bring to Hillingdon Cycling Campaign?

This is a great time to build upon the success of our recent Sign for Cycling campaign.

Thousands of Londoners signed our petition asking for safer cycling for everyone - Mayor Khan was among them.

You can help LCC make sure that we get the protected space and cleaner air we've asked for.
