

It's more than a vote. It's a wake up call to Ottawa.

Polls show Monday's Calgary Centre by-election will be close. And, any day now, the federal Conservative Party could pass the Canada-China FIPA - a secretive, extreme and binding investor deal that lets China's companies sue Canadian governments in secret tribunals for millions of taxpayer dollars. If you vote for change on Monday, you'll send a shockwave through Ottawa that could stop this bad deal for all of us.

Make your vote count.
