CourtCover™ Series

VERSATILE

- Select from multiple shock absorbing thickness
- Combine with SportGrain Plus
- Adaptable to multi-sport & functional uses

DURABLE

- Shock absorbing properties from strenuous use
- Customize resilient base layer for added deflection & comfort
- Everyday performance for sports, bleachers, and other rolling loads

SAFETY

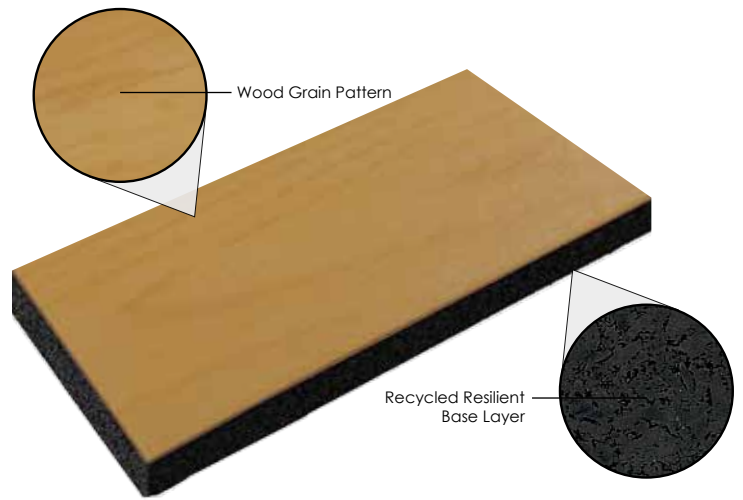

- Superior shock absorption over the competition
- Engineered for consistent performance and focus on the safety of the athlete
- Fatigue-reducing properties to boost performance and absorb shock

System Type	Sheet Good - Vinyl
Pattern	Authentic Wood Grain & Color Options
Maintenance	Easy
Roll Length	65' Roll (20 meters)
Roll Width	5' 10" Roll (1.8 meters)
Thickness	5.0mm, 7.0mm, 9.0mm
Surface Treatment	Anitbacterial Coating Dirt-resistant Treatment
Installation Options	1. Glue Down 2. SportLay - Fiberglass underlayment for high vapor conditions 3. SportGrain Max for heavy rolling loads
TESTING	
Resistance to Impact EN 1517	no damage
Behavior under Rolling Load EN 1569	no damage
Shock Absorption EN 14808	≥20%
Ball Reflection EN 12235	ø 99%
Chemical Product Resistance EN 423	Mostly Unchanged
