Sport Court® Tennis Suspended Surface

Sport Court® suspended surfaces are the Safest Courts in the World™, featuring the latest technology in tennis court surfaces. Providing you a higher level of shock absorption and Lateral Forgiveness™ to reduce the stress on your joints and back, typically associated with hard court surfaces.

PowerGame™'s patented two-tiered surface provides optimal traction and the lowest level of abrasion in the industry.

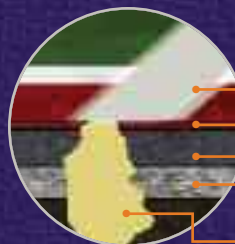

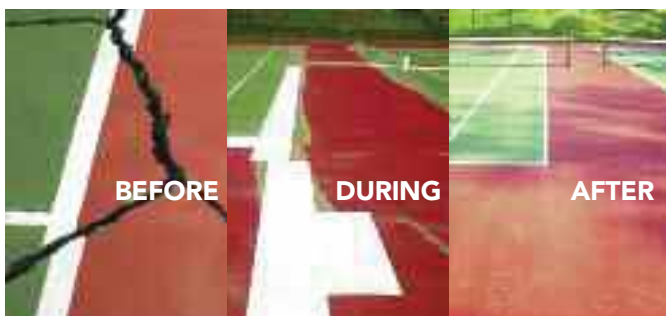

PowerGame's patented suspension system provides the highest level of shock absorption while maintaining a consistent "hard court" ball bounce.

The locking system provides patented Lateral Forgiveness, helping to reduce joint stress and fatigue.

Guardian® Crack Repair

At last, a true crack repair product that is over 300% more successful than traditional crack repair methods.

The ultra aggressive adhesive combined with a highly flexible fabric isolates the crack and provides a budget friendly solution for cracked courts with long lasting results.

Guardian® Crack Repair System
Existing Acrylic Color Coating
Existing Hard Court Surface
[Asphalt or Concrete]
Stone Aggregate Base
Crack Filler

Guardian® crack repair is applied to a properly prepared and cured crack.

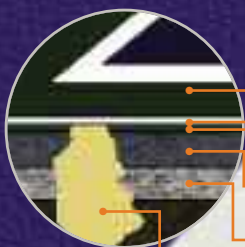

ved!

Many Solutions, One Company.

Overlay System

An advanced tennis surface that successfully keeps existing cracks from reappearing and upgrades your court to the most comfortable, cushioned playing surface available. The free floating system creates a weatherproof barrier that covers cracks and in most cases eliminates the reoccurring costs associated with continued repairs of these existing issues.

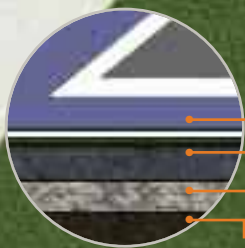

- New Acrylic Color Coating
- Installed Overlay System
- Existing Acrylic Color Coating
- Existing Hard Court Surface [Asphalt or Concrete]
- Stone Aggregate Base
- Crack Filler

After the installation, new acrylic color material is applied.

Acrylics and Cushioned Acrylics

The best performance acrylic coating products featuring 100% acrylic latex combined with the highest quality raw materials made in the USA that provide a vibrant world class playing surface. This surface is played on by the top professionals and is selected for the ATP, WTA, Fed Cup, and Davis Cup matches and events.

- 100% Acrylic Latex Surface
- Existing Hard Court Surface [Asphalt or Concrete]
- Stone Aggregate Base
- Ground / Dirt
