

Surge twenty-one: Ending Prayer

Father today we pause and thank you for carrying us through the last twenty-one days that we have fasted and prayed personally and corporately.

Our prayer today focuses on not only what You have done in this time, but also what is yet to come as we continue in what we have experienced in You.

Many have sought Your heart reaching forward and upward and have surrendered their desires that Yours may come to fruition. Many have sought Your deliverance, and many seeking spiritual renewal, and also direction. They now bow before you not to see an end to this SURGE 21, but to complete it, as they stand on your promise to complete this new work that has been begun in their hearts.

Lord may Liberty Church bow prostrate before You as a body to continue to seek Your will, guidance, and direction, spiritually, financially, and physically. May we be open and willing to the moving of Your Holy Spirit each step of this journey And may we follow in complete unity.

All for Your honor and praise Lord God Almighty!

Thank you Father for Your grace, mercy, strength and provision in Christ. May You be blessed Father by the adoration of your people...in Jesus name!

AMEN
